

Building Resilience with **Neuroscience & the Havening Techniques®**

April 13, 2020 | 9:00 am - 4:30 pm

**"Havening Techniques®
engages our inherent
biological systems to
permanently heal,
strengthen and empower
our minds and bodies."**

-Ronald A. Ruden, M.D., Ph.D.

**This experiential training will explain
how stressful events impact brain
functioning and explore new
opportunities for healing and growth.**

You will learn how to harness the power of neuroplasticity, along with the Havening Techniques, to create sustainable healing. You will be empowered to start identifying opportunities for self-healing and begin laying the foundation to develop your Resilient Brain.

This training will cover:

- The latest insights into the neuroscience of stress and resilience
- Fundamentals of the Havening Techniques
- Key areas for fast and effective intervention utilizing the Havening Techniques
- Self-havening techniques for personal healing as well as protection against encoding future stressors
- How to build resiliency for your brain health
- Techniques for empowered resource development and sustainable health.

Dr. Kate Truitt
Certified Trainer of Havening Techniques®
