

Supporting Survivors of Childhood Sexual Abuse & Sexual Violence in Pregnancy, Postpartum, and Parenting

September 22, 2025 | 9:00 am - 1:00 pm PST

Echo is partnering with Cactus In Bloom for a training that will provide foundational awareness around the ways in which childhood sexual abuse and sexual violence in adulthood impacts those you support especially along their reproductive journeys as they move through pregnancy, postpartum, and into parenting.

Care providers will also learn practices for their own self-regulation and ways to support survivors in their respective role.

This training will cover the following:

- Trauma 101
- CSA/SV 101
- Survivorship In the Room
- 4Rs of Resilience
- 4Ps of Practice

At the end of the training participants will be able to:

- Identify at least 3 ways that CSA/SV survivorship impacts their clients overall and in pregnancy, postpartum, and parenting.
- Practice at least 3 ways to support clients at the intersections of being a CSA/SV survivor along their reproductive journey.
- Identify at least 2 practices that resource practitioners when they are dysregulated.
- Name the 4 R's of Resilience.
- Apply at least 2Ps of the 4Ps of practice.
