

Trauma & Resilience Part I Training

May 13 - 14, 2026 | 8:30 am - 12:00 pm PST

Echo brings you a training on trauma and resilience for trauma survivors and professionals working with survivors. It provides a solid grounding in the cutting-edge science behind trauma and resilience as applied through survivor wisdom and insight.

Did you know that childhood experiences can affect your physical health as an adult? That toxic stress makes us more sensitive to things

like sound? Or that it affects learning and memory? That safe, stable nurturing relationships can heal trauma?

This training will cover:

- The impact of trauma on the body and brain
- Adverse Childhood Experiences Study
- Survival responses
- Impact of trauma on behavior and relationships
- Emotional regulation strategies
- Trauma-informed care
